About This Game

Don’t miss the opportunity to discover the beautiful underwater world! This is a rich graphic based game where you can swim, hunt and gather as well… Abstain from the dangerous and aggressive animals, because if you go to close to us they’ll attack you! Look for the treasure chests nearby the polyps and collect them, it will be important in end of the game. Each level contains three treasure chests, but be careful, there are enemies, so try to avoid or defeat them! After you collected every treasure piece, the portal for the next level opens.

Take the risk and Immerse yourself in this wonderful world!

The current features include:

- amazing low poly visuals
- uniquely crafted worlds
- ferocious enemies
- rich and detailed wildlife

- underwater combat
- challenging underwater combat

Over 1400 games purchased on steam and this is the first time i've ever requested a refund. That's how bad it is.. This Game's EXE is ABZUDiver.
This is waaaayyyy worse than ABZU and is probably straight up asset theft.
Do not purchase.
