[WSUSper It With Us, Insiders: Windows 10 2004 Is Getting Closer](#)

The screenshot displays a Microsoft Edge browser window with the following content:

- Browser Tab:** gHacks Technology News
- Address Bar:** <https://www.ghacks.net>
- Website Header:** ghacks.net with an "ADVERTISEMENT" label and a menu icon.
- Sponsored Content:**
 - Adobe Photoshop turns 30 (your chance to win a 1-year subscription)**
by Martin Brinkmann on February 21, 2020 in Sponsored Content - Last Update: February 24, 2020 - 16 comments
The first version of Adobe Photoshop was released on February 19, 1990 for Apple's Macintosh operating system exclusively before it was ported to Windows in 1993. Newer versions of the application are [...]
- Brave gets option to restore webpages that are broken or deleted**
by Martin Brinkmann on February 26, 2020 in Internet - 16 comments
Webpages come and go; sometimes, it is a temporary thing that prevents you from accessing a webpage, at other times, it may be because a page has been deleted, redirected, or edited. [...]
- If you run uBlock Origin, use the Firefox version as it offers better protection**
by Martin Brinkmann on February 26, 2020 in Firefox - 48 comments
The latest version of the popular content blocker uBlock Origin comes with a new protective feature that is exclusive to the Firefox web browser. The latest version of uBlock Origin for Firefox, [...]

The right sidebar shows a collection of thumbnails for the Photoshop article, each with a letter (S, U, R, F) and the ghacks.net logo. At the bottom of the sidebar is a large graphic with three stylized surfboards (blue, orange, green) on a blue and green wave background, with the URL "edge://surf" below it.
